2 The following is a transcript of a telephone  
3 conversation between DONALD W. HILL and SHEILA  
4 FARRINGTON  
5 UNINTELLIGIBLE (UI)  
6 DONALD W. HILL (HILL): Hello.  
7 SHEILA FARRINGTON (FARRINGTON): Hi, darling.  
8 HILL: Hey, baby, how you doing?  
9 FARRINGTON: (UI).  
10 (Loud background noise)  
11 HILL: (UI), baby.  
12 FARRINGTON: Ah, sweetheart.  
13 HILL: Yeah.  
14 FARRINGTON: (UI), can I have a split second to get a  
15 real quick advice?  
16 HILL: Yes.  
17 FARRINGTON: I haven't had a chance for, I, I don't  
18 know that I haven't had a chance, but, to share with  
19 you yet, and it's not that I've deliberately kept it,  
20 it's just, you know, we've been on other topics, and  
21 other things, and so, it just hadn't come up. But, at  
22 any rate, ah, I want, I, I would like your advice, as  
23 to how you think I should handle this situation. And,  
24 and then, (UI) in order to see if, if it's what I have  
25 in mind, before I go and do it.

1 HILL: Okay.

2 FARRINGTON: Ah, ah BILLY, BILLY G?

3 HILL: Uh-huh.

4 FARRINGTON: He did go and look at, he did study, do

5 a survey on that property? On the HATCHER property?

6 HILL: Yeah, yeah.

7 FARRINGTON: It's, BRIAN's property?

8 HILL: Yeah.

9 FARRINGTON: And he says, he says he would bet his

10 life that, that there is drug activity on it,

11 currently on it, right now. He said that there are

12 visible signs that, that there, that there is drug

13 activity on it, right now.

14 HILL: Okay.

15 FARRINGTON: And, then I told you about the, the last

16 thing we had on that, right?

17 HILL: Yes, you did.

18 FARRINGTON: Where, ah, where he, he just sort of,

19 ah, where (UI) the MARK JONES person, and this other

20 JEFF person. It, it was as if they were trying to

21 protect their own territory and not have any new

22 comers, come in and...

23 HILL: Yeah.

24 FARRINGTON: ...and protect their, so that's what it

25 was like. And, and, and, and yet, BRIAN was concerned,

1 because he really has a security matter.

2 HILL: Yeah.

3 FARRINGTON: Well, according to what they told him.

4 And then when I brought the people to the table, they

5 got off with (UI)....right?

6 HILL: Yeah.

7 FARRINGTON: But, it turns out that he really does

8 have drug activity on the property. So, what I'm

9 asking, well, I'll just say that there's a great

10 possibility that he has drug (UI), you know, activity

11 on the property right now. We're talking the brand new

12 (UI) on Hatcher....

13 HILL: Yeah.

14 FARRINGTON: So, (UI) I passed that information on to

15 D'ANGELO, to see if, if he could, you know, let him

16 work it from that end. But, BRIAN clearly told me the

17 last time we talked that he didn't wanta deal with

18 D'ANGELO on this deal. He said he wanted to deal with

19 me, because his contract is between FARRINGTON AND

20 ASSOCIATES.

21 HILL: Right.

22 FARRINGTON: So, ah, I don't know, you know, should

23 I, do you think I should just go on, and, and, ah, do

24 you think that I should just go on and, and, ah, bring

25 BRIAN, you know, share that information with him in a,

1 in a delicate kinda way? Or, you know, how do you  
2 advise I deal with that?

3 HILL: I, I, I, I think you should, I think you  
4 should go ahead and give that information to BRIAN  
5 with as much specificity as you can. I wouldn't be  
6 concerned about MARK JONES, or any of that stuff. I  
7 would try to give it as much information as I can,  
8 and, and the assessment. Because ultimately, if you  
9 don't get it under control, the property will be, is,  
10 is a problem, and we don't need a problem.

11 FARRINGTON: Mm-hmmm.

12 (Pause)

13 HILL: So, I think you should tell him.

14 (Pause)

15 FARRINGTON: What, are you having lunch or something?

16 HILL: Yeah, I'm, I'm at, ah, right here in the  
17 middle of the banquet hall, ah, they having a, ah, ah,  
18 banquet for the Women's Shelter and I'm sitting here  
19 with a bunch of politicians and we're waiting on the  
20 speaker to speak.

21 FARRINGTON: Aw, okay. Well, thank you for taking a  
22 moment to hear me.

23 HILL: You're welcome, baby.

24 FARRINGTON: The reason I, I wanted to know now is  
25 because I always, I always put that in, whatever

1 information that I've done, I, I always put it in a  
2 monthly report?

3 HILL: Yeah.

4 FARRINGTON: And I fax it to him when I fax my  
5 invoice?

6 HILL: Yeah, that's a good place to put it too. I  
7 like that, that's good.

8 FARRINGTON: But I didn't, I didn't, I didn't do that  
9 this time.

10 HILL: Well, let me, let me back up. Let me back up.  
11 Let, hold, hold, hold. Don't put it in the report.

12 FARRINGTON: That's what I, that's what I, I didn't  
13 do it. I, I didn't, I didn't do it this time, because  
14 I think that this is something that...

15 HILL: You should talk to him directly about.

16 FARRINGTON: Yeah, yeah.

17 HILL: I agree, I agree with that. I agree with  
18 that, very good, very good.

19 FARRINGTON: So, I, I wanted to get your take on  
20 that, before I did, whatever.

21 HILL: No, very good.

22 FARRINGTON: (UI). And, and how do you advise or  
23 suggest, I mean, how do I, how do I say that without,  
24 okay, because BILLY G did it for me, right?

25 HILL: Yeah.

1 FARRINGTON: He didn't do it because, well, because  
2 when (UI) take him out there, they made it seem like  
3 they didn't need a security person. But, I...  
4 HILL: That's good.  
5 FARRINGTON: ...asked him, to just forget what he  
6 heard and just go do it for me. And go scope it out  
7 and see what he sees. And he claims, that's what he,  
8 that's the information he has.  
9 HILL: Yeah, I know, but there's gonna always be an  
10 issue about, he has self-interest in it, so, you,  
11 you're presenting it, not even so much as he did it  
12 for you, and here's the results, but that...  
13 FARRINGTON: No, I'm just telling you this.  
14 HILL: Okay, I...  
15 FARRINGTON: So, I'm asking you, how (UI) advise me  
16 to take it to him?  
17 HILL: And this is what I'm saying. You don't  
18 present it to him in any way, other than, this is  
19 factually what you got from the observation of the  
20 survey, that was done by your person, who did that,  
21 (Stuttering) when he looked at it.  
22 FARRINGTON: Right, right.  
23 HILL: I, I, I would just present it just that  
24 straight forward, and not focus on who the presenter  
25 was, or what the information was.

1 FARRINGTON: Yeah, and then, and then, ah, ah, you  
2 know, this the, the information kinda makes the Dallas  
3 P.D. look, that their officers, that, that BRIAN has  
4 on-site, look kinda bad. And so, BILLY G is just  
5 concerned about how, how, you know, how that's gonna  
6 be delivered because he doesn't want to ah, he doesn't  
7 want to, ah, ah, hurt (UI) his relationship with  
8 Dallas P.D. and all.

9 HILL: Well, I'm, I'm not I, I can't, I mean, I, I  
10 understand that, but I can't really be very concerned  
11 about that. I'm more concerned about the, he and (UI)  
12 have nothing to do with drugs, and it may be impacted  
13 by (UI), I'm not, I can't be real concerned about  
14 that. (Stuttering) And you not, you not advocating,  
15 you're not necessarily bragging about BILLY G, or,  
16 and, and telling, that he's the one that found it, you  
17 just talking about what's going on.

18 FARRINGTON: Right.

19 (Pause)

20 HILL: Okay, baby.

21 FARRINGTON: So, what I'm asking, is when you say, I  
22 mean, specifics, (UI) think I should be able to, I  
23 should tell him who, and where, and all of that?

24 HILL: No, I, I mean, you give him as much specifics  
25 as you can. I wouldn't name the who, but I'd give him

1 as much specific as to where, as possible.

2 FARRINGTON: You mean like, which unit and stuff

3 like that?

4 HILL: Yeah, yeah, I'd give him as much stuff

5 specifically on that as I could. And they're fixin'

6 to start the talking now, so I gotta go.

7 FARRINGTON: Okay.

8 HILL: Thank you, honey.

9 FARRINGTON: Thank you.

10 HILL: Bye.
